

VENKAT KUSHAAL

Associate Software Engineer

Hyderabad | 8977009844 | kushaalp2025@gmail.com

Professional Summary:

C++/Qt Developer with over 3 years of experience in Automotive HMI development for General Motors Infotainment Systems at People Tech Group. Proficient in **C++, XML, Qt/QML, STL, multithreading, CAN, TCP/IP, and IBM Rational Rhapsody**. Strong focus on code quality improvement using **SonarQube** and **ParaSoft**, with a proven record of increasing unit test coverage using **GTest**, reducing code duplication, and delivering production-ready features in **Agile/SCRUM** environments. Recognized as a **Top Contributor** for outstanding performance.

Skills:

Programming Languages: C, C++, XML, Python, Qt/QML.

Development Tools & Frameworks: Altia, QT Creator, IBM Rational Rhapsody, PEGA, QT Widgets.,

Version Control: Atlassian Jira, GIT, Bitbucket, SourceTree.

Testing: ParaSoft, SonarQube, GTest.

Automotive Protocols: TCP/IP, CAN Protocol (Controller Area Network).

Operating Systems: Windows, Linux, QNX.

Database: SQL.

Methodologies: Agile / SCRUM

Soft Skills: Problem-solving, Analytical thinking, Time management, Clear communication, Agile/SCRUM teamwork, Ownership and accountability, Cross-functional coordination, etc.

Experience:

People Tech Group — Associate Software Engineer

(May 2023 – present)

Client - General Motors.

Project - Front Command Console & Rear Command Console (FCC & RCC).

- Developed HMI applications for next-generation GM infotainment systems using , **C++, XML, QML and IBM Rhapsody**.
- Implemented features using core C++ concepts including **Object-Oriented Programming (OOP), STL, multithreading, pointers, and SOLID principles**.
- Implemented key modules including **Climate Control, Seat Status, Virtual Controls, Ambient Lighting, and Keyboard Systems**.

- Collaborated within an Agile team, cross-functional teams including UI/UX designers, product managers, engineers and testers to deliver production-ready software under strict automotive standards.
 - Participated in sprint planning, code reviews, and defect resolution in an Agile/Scrum environment.
 - Utilized tools such as **Altia, HMIC Designer, Qt Creator, SourceTree, IBM Rational Rhapsody, Git, and JIRA** in daily development and task.
 - Engaged client meetings to discuss project requirements, clarify defects and ensure alignment on deliverables.
 - Experienced in writing clean, maintainable code using **Parasoft** and improving code quality through **SonarQube** by reducing duplication from 50% to 3%.
 - Improved code quality by increasing unit test coverage using **GTest**.
-

Internship:

People Tech Group — Junior Software Engineer (Intern)

(September 2022 - May 2023)

- Assisted in developing HMI components for GM infotainment systems.
 - Gained hands-on experience with tools such as **Altia, Qt Creator, and HMIC Designer** for UI development.
 - Gained hands-on experience with **C++ and XML** for developing both front-end and back-end components.
-

Educational Qualifications:

B. Tech in Computer Science & Engineering

KL University, Hyderabad (2019 – 2023) — **CGPA: 8.06/10**

Certifications:

- **Certified Pega System Architect** - Issued by PEGA Academy, awarded in August 2022
 - **Service Excellence Award** - Issued by People Tech Group, awarded in August 2025
-

Declaration:

I hereby declare that the details and information given above are complete and true to the best of my knowledge.
