

SHAVANAPELLI SOWMYA

☎ 9392424094 | ✉ shavanapellisowmya@gmail.com

Professional Summary

Motivated and detail-oriented professional aspiring to build a career in Software and Embedded Systems, leveraging strong technical skills, academic knowledge, and continuous learning to contribute to innovative projects and organizational growth.

Skills

- Programming Languages: C, C++, Embedded C, Python
- Operating Systems: Linux (Basics)
- Microcontrollers: 8051, ARM7, ESP32
- Tools & Compilers: GCC, Keil4, ThingSpeak, MIT App Inventor
- Additional Skills: IoT Applications, Firmware Development, Real-Time Systems

Education

- Jawaharlal Nehru Technological University, Hyderabad
M.Tech in Embedded Systems (2024–2026), GPA: 7.5
- Mahatma Gandhi University, Nalgonda
B.Tech in Electronics & Communication Engineering (2019–2022), GPA: 7.59
- Govt. Polytechnic for Women, Warangal (TS SBTET)
Diploma in Electronics & Communication Engineering (2016–2019), GPA: 87.01%
- MJP TBCW Residential School
Secondary School Certificate (2016), GPA: 9.2

Training & Certification

Advanced Embedded Systems Training – Vector India Pvt. Ltd.

Nov 2023 – May 2024

- Completed 6-month training program covering hardware design, firmware development, and real-time operating systems.

Projects

- IoT-Based Weather Reporting System
 - Developed a weather station using ESP32 and DHT11 sensors.
 - Data stored in ThingSpeak and displayed on LCD.
 - Implemented real-time monitoring for temperature and humidity.
- Sign Language to Speech Conversion System
 - Designed a system to assist deaf-mute communication.
 - Used flex sensors with Arduino to detect gestures.
 - Generated corresponding voice output for efficient interaction.

Personal Information

- Date of Birth: 10 Oct 2000
- Hobbies: Drawing, Painting

Declaration

I hereby declare that the above details are true and correct to the best of my knowledge.
